

Front Line Assistance for Ukrainians

Corporate Aid for Ukraine is a rapid response, front-line charitable fund created in March 2022 for the explicit purpose of providing immediate humanitarian assistance to Ukrainians, both in-country and refugees. CAU was spearheaded by the American Chamber of Commerce in Poland in cooperation with several other leading business organizations, including **YPO Poland** and **YPO Kiev**. CAU is supported by the honorable **U.S. Ambassador to Poland, Mark Brzezinski**. (Read his letter of support [here](#))

CAU and AmCham Poland are in a unique position to help the Ukrainian people, including the more than four million refugees who have fled their motherland – of which more than 2.4 million have already arrived in Poland (source: UNHCR report March 30). There is a massive and unprecedented need for financial support for humanitarian aid. Large and small businesses as well as individual donors are an important source of funding for this urgently needed front-line aid.

Front Line Aid. CAU is rapid-response financial aid for Ukrainians. AmCham Poland, YPO Poland and volunteer executives are on the front line of this humanitarian crisis. Governments and many global charities will provide massive financial assistance to Ukraine in the months to come. But normal Ukrainian people need food, medicine, and shelter now. That is CAU's mission.

The Critical Role of Poland. Poland is an EU and NATO-member nation bordering Ukraine. 62% of Ukrainian refugees are in Poland. There are proven open supply-chains into Ukraine from the Polish border. AmCham, YPO and CAU executives has decades of experience and are well-connected with Polish government, institutions and businesses, plus has strong contacts within Ukraine. We can get things done here near the front-line. The CAU advisory board and AmCham Poland will monitor the evolving situation and respond promptly to emerging needs and rapidly evolving challenges as this crisis continues to develop.

Tax-deductible donations. We are working in union with Washington DC based, Charities Aid Foundation - America. Your donations to CAU to support Ukrainian aid will be fully tax deductible (under U.S. tax laws). You will receive a receipt for your donation from CAF America, a US public charity with EIN 43- 1634280.

Rapid-response. Straight to those in need. AmCham / CAU will direct donated funds to established, reputable and fully-vetted Poland-based charities and assistance-organizations on the front lines providing immediate aid to Ukrainian citizens in-country and refugees in Poland.

Strictly humanitarian aid. To qualify for tax-deductibility, donations must be used exclusively for humanitarian efforts. CAU will assure that your donations will be used for the purchase of food, hygienic products, medicines and medical supplies and more.

Donations from outside USA. Our fund can accept donations from companies and individuals from around the world in 130 currencies. Non-U.S. donors should check their local regulations regarding the tax-deductible status of donations.
